3° INTERNATIONAL CONGRESS

FASCIAL CONNECTION LATIN AMERICA

JUNE 30 – JULY 03, 2022

In this third edition, the theme of this great event will be "Brain, Trauma and Fascia". We will see the relationships of these "Somato-Emotional" problems as well as their approach and treatment. In Fascial Connection 2022 the organizational structure of the previous editions will be repeated; will consist of a first day of Presentations (the Plenary) and then two, three or six days of Courses to put into practice what learned in theory mode the first day. It should be noted that you can only choose one Course and you cannot change to another during the journey of the Congress since this would not benefit the practical, physical and manual.

** There will be simultaneous translation into English and Spanish.*

NOVELTY: The Plenary day and some courses may be followed ONLINE.

¡ATTENTION! Participants registered in the Online mode will receive their Certificates of assistance in digital mode.

Also as a novelty for those students who wish to deepen their knowledge even more, we will be able to offer Levels 1 and 2 of Marcel Caufriez's training in "Physiotherapy Hypopressive" (Creator of the Hypopressive Method) and Training Levels 1 and 2 in "Fascial Dynamics and Physical Activity in Aging" by Johannes Freiberg in continuity with the Congress.

SECURITY MEASURES IN THE PRESENTIAL MODE

The security measures that we will take will be the best adopted by courses and face-to-face congresses in different parts of the world. The event being in Mexico will follow the constitutional rules and laws of the State of Mexico and the region of Quintana Roo. For this reason, the Congress this time will have a limited capacity, both for the Plenary of the first day as for the face-to-face Courses.

3° INTERNATIONAL CONGRESS

PRICES OF THE PLENARY AND CONFIRMED COURSES

The first day: "Plenary"

The first day of presentations (the Plenary), consists of the Keynote Presentation of the authors invited to our Congress. The presentations will have a duration of 50 to 60 minutes each and we will have two discussion tables for the questions and answers of the face-to-face participants. Also on the first day, two "Coffee Breaks" will be offered to take energy, some air and some photos with our special guests.

¡There is limited space on the face-to-face Plenary day!

On Plenary day, the opening of the Congress will be at 08:45 and it's closing at 20:00.

Presential:

3° INTERNATIONAL CONGRESS

COURSES

IMPORTANT: The price of those registered for the face-to-face and online Courses is included on the day of plenary!

Standard schedule will be from 09:00 to 17:00. Depending on the Professor, this schedule may vary both at the beginning and at the end of the class. These changes will be communicated on the first day of the course.

The face-to-face participants will receive the printed manual of the selected course and the students registered in the online mode will receive it in PDF format.

For the face-to-face courses there will also be two free coffee breaks daily, and at Noon there will be a lunch break at the student's expense.

All those enrolled in both modes, Online and Face-to-face courses **"WILL RECEIVE TWO CERTIFICATES"**:

1) Certificate of the Plenary.

2) Certificate of the Course.

CLARIFICATION:

*Students who choose to follow Marcel Caufriez's complete training in "Physiotherapy Hypopressive 1 and 2" and Johannes Freiberg's complete training of "Fascial Dynamics and Physical Activity in Aging 1 and 2" will receive 3 Certificates: one for the plenary and two others for the courses taken.

To receive the certificates in the face to face mode, a minimum of 90% attendance to the course is required. Otherwise, the teacher could refuse to deliver the certificate without the right to reply by part of the student and without refund of the money by the organization.
